87. LOGNOTE - Executive and Planning Staff, 8 July 1980

[ ] REIMBURSEMENT. I phoned [ ] Office of Finance, today to inform him that we have received OGC and DDS&T approval [ ] reimbursement of the upgrading of the Caversham [ ] Circuit. Fox requested a copy of the approval memo and said he would send us a blue chip for \$30K.

Fox then recommended FBIS bill [ ] support cost. He was still uncertain whether the reimbursement would go to the U.S. Government miscellaneous account or to FBIS. He realizes we prefer the latter and is trying to arrange that. I will bill [ ] support cost and set up the billing for the reimbursement of the Caversham [ ] Circuit upgrading.
